BURNS PAIUTE TRIBE

CORONAVIRUS – 19 UPDATE

March 9, 2020

Some dates on the Coronavirus 19 Time Line:

- No reported case of Coronavirus until February 28th, 2020; first positive Virus case.
- On March 7th, 2020, the Governor for Oregon declared a State of Emergency.

Start of the Burns Paiute Tribal History on the Coronavirus – 19 - 2020:

- March 5th, 2020: during the Tribal Elders Breakfast, Elders were handed out spray bottles of hand-sanitizers.
- March 9th, 2020: Tribal Transit Program initiated a sanitation protocol of cleaning the Transit Bus every day, prior to the start of the transit services, or following the day services.
- March 11th, 2020: Tribal Council discouraged non-mandatory travel for all Tribal staff going to program meetings or conferences.
- March 16th, 2020: Burns Paiute Tribal Council made a formal “**Declaration of Emergency**” to protect the Burns Paiute membership, and all lands under its jurisdiction.
- March 20, 2020: Tribal Council authorized the Emergency Operations Center to become activated; with the formation of Emergency Response Team under the Guidelines of the Burns Paiute Emergency Operations Plan.
- March 23, 2020: Tribal Transit Program ceased its transit operation due to the health and safety concerns to protect the riders and drivers due to the Coronavirus – 19. Unknow when the Tribal Transit will resume its normal operation.

Tribal Transit Services:

- We are hand sanitizing all of the handrails, backs of seats, and seatbelts. We have boxes of Kleenex for blowing your noses.

Published on March 13th, 2020

Tribal Transit:

This is to keep the riders of the Burns Paiute Tribal Transit advised that there will be delays in pick-up at the bus stops. As you have seen on television, radio, newspaper and Facebook, the Coronavirus – 19 is having an impact to our delivery of transit services to our Tribal Transit System. Transit staff are doing more sanitary services to the transit bus. The Driver is ensuring the safety of the riders by sanitizing the handrails, tops of seats, and wiping seatbelts that riders use while entering the bus, seating in the seats, and getting off the bus. This is for the protection of riders and transit personnel.

A new requirement is the safety inspection of the Transit bus every day before the start of the daily bus runs and at the completion of the bus runs. This is to insure we operate a safe bus, and the safety of our riders.

This is the reason why there is slight delays in the schedule pickup of rides.

Coronavirus – 19:

This virus is spreading into communities through-out the United States. It is deadly to older persons over the age of 55, and those with chronic sickness, but does not discriminate on age, or sex. I have attached to this newsletter, the statement from Harney County on how prevent the spread of virus. I ask that you read the flyer and follow the simple suggestions to protect yourself.

Both Tribal Health Services and Emergency Services are closely monitoring the situation. We are constantly receiving updated information on protocols in dealing with the virus and the impact it has to first responders, health care staff, medical facilities, quarantine procedures, two-week surveillance protocol, testing kits and who

get the results of the tests, and if clean, then how to release the patient.

We are getting data from the Center for Disease Control, Department of Homeland Security, Department of Interior, Department of Health, and Human Services – Indian Health Service, Oregon Health Authority, Oregon Emergency Management, and other agencies.

Within Oregon, we are involved in daily telephone conference calls with the above mention Departments or Agencies. We also participate in webinars on this virus.

Many of Tribal Program staff have plans to attend various conferences in the Northwest, but with the fast spread of this virus, many conferences are being cancelled due to the safe welfare of attendees.

Burns Paiute Tribal Council took action regarding training or meetings that is not mandatory, travel is discouraged. If staff travels, it will be at their own risk. The Tribe will not be responsible.

Just this morning, the Emergency Management office learned that there might be a one presumptive positive case by state laboratory in Deschutes County. Kenton contacted our Tribal EM Liaison in Oregon Emergency Management and was informed that there are two presumptive positive cases in Deschutes County – today.

What scares the Tribal Coordinator is that this virus is getting close to home.

The Tribal Health Office received an “Updated Mitigation Measures on Coronavirus Response” from Ms. Julie Johnson – OHA Tribal Liaison. This gives you the most current responses about what is happening within the State of Oregon. It has information that affects what we do as residents of Oregon.

Published on March 27th, 2020

Tribal Transit:

As of March 23, 2020, the Tribal Transit Program has been shut-down due to the Coronavirus 19 Pandemic. This virus impacts all ages, and for the protection of the riders and drivers, at the recommendation of the Tribal Council, we have decided to shut-down the operations of the Transit Program, until the virus can be treated with vaccine.

For the time being, the Dial-A-Ride program continues to come to the Reservation from 3:30 to 7:00 p.m. They can pick up riders if you call their dispatch center at the Senior Center.

Coronavirus – 19:

This virus is spreading into communities through-out the United States. It is deadly to older persons over the age of 55, and those with chronic sickness, but does not discriminate on age, or sex.

As you have seen on the television or read in the newspapers, the virus is spreading to every State in the United States, and Counties in every State. We have noticed that Harney County and Malheur County have no reported positive cases, lets pray this continues.

If you are not aware, the Tribal Council on March 17th, made a Declaration of Emergency for the

Burns Paiute Tribe. This allows the Tribal staff to pursue necessary resources, medical supplies, and potential funding to support efforts in the event the virus enters our Reservation.

The Tribal Council has reviewed the Tribe's Emergency Operations Plan and updated the section on Emergency Support Function (ESF) 8 - Public Health and Medical.

Emergency Services opened our Emergency Operations Center at a Virtual status (monitoring activities in the county and the Oregon – Emergency Coordination Center in Salem). As of Friday, March 20th, the Tribal Council directed the EOC become active and respond by developing Plans to address several issues related to member safety – health, support of a shelter center for members needing shelter, food, and heat, in addition, we will support a food bank for our members. We are developing an Emergency Response Team to address.

The Incident Commander – Kenton Dick is coordinating the formation of this Team to begin work on the various components that need to be addressed to protect our Community and its members.

Most of the Tribal Programs have their staff working remotely in their homes. But we have some Tribal staff (considered essential personnel) can report to work at their

office. These programs are:
Administration – Interim General Manager, and Finance staff; Tribal Law Enforcement – maintain normal patrol functions; Tribal Health – work only in the morning at their office to check on medical appointments needed, phone messages, processing of health bills; and other health related activities; and Emergency Services.

Emergency Services monitors the current situation on the Reservation; activities in the surrounding communities; new guidelines from the State – Oregon Health Authority and Oregon Emergency Management on dealing the virus; and Federal Agencies – Federal Emergency Management Agency, Center for Disease Control, Health & Human Services, Indian Health Service, Bureau of Indian Affairs; and the Northwest Portland Indian Health Board. E-mails are coming in from National Indian Health Board, National Congress of American Indians, Affiliated Tribes of the Northwest Indians providing updates on the virus, and possible funding from Federal Agencies and Congressional Appropriation.

In working with our Tribal Liaison under Oregon Health Authority, the nine Oregon Tribes were given our Tribal Allocations for Personal Protective Equipment (PPE) from the State of Oregon Stockpile of Medical Supplies. On Tuesday and

Wednesday of this week, we received assorted medical supplies for Tribal health functions.

Tribal Health, Emergency Services and Tribal Administration is working to develop a statement of work and operating budget for Element 65 – COVID-19 Tribal Funds. These funds are earmarked to address Tribal activities in the prevention and mitigation functions in the case of an actual case on the Reservation.

Community members are asked to not flush non-disposable wipes down the towel. I recommend you use flushable wipes.

Two important things that we as Tribal Members need to follow:

Please wash your

Hands after

Restroom use.

- - - - -

Cover your mouth

When

You cough.

- During our last teleconference call with our OHA Tribal Liaison Carey Palm, the Confederated Tribes of Siletz Indians – Emergency Services Director mentioned that they were able to get food boxes from the USDA Commodity Foods Program. I followed up with the Director and he provided me with contact information which I shared with our Commodity Foods Director to see if our Tribe was eligible to get on the list to receive food boxes.
- Oregon National Guard wants to know if the Tribe would be interested in having three National Guard-man be assigned to our Emergency Operations Center to assist in monitoring our PPE inventory. Due to our small PPE inventory, and our EOC is not being manned daily, I would recommend that we decline the offer of personnel at this time.
